BLUEBEAM® REVU®
Cloud-Based Technologies

Length:	2 hours
Level:	Intermediate
Prerequisites:	**Bluebeam Revu Essentials** or equivalent experience using Bluebeam Revu
Delivery:	Virtual Only
Class Size:	Three Student Minimum

DESCRIPTION

One of the greatest benefits of using Bluebeam Revu is free access to the Bluebeam Studio server. Did you know Bluebeam includes access to another free cloud-based server called Bluebeam Drawings as well? Did you know that Bluebeam Drawings opens access to project participants working on any mobile device (not just iPads)? Did you know that Bluebeam Studio & Bluebeam Drawings can be used together? This class covers Bluebeam Studio and Bluebeam Drawings and their integration in detail.
